

INTRODUCTION

This report has been developed to provide information regarding population characteristics of incarcerated persons (IPs) in each correctional complex, major institution, and satellite housing unit under the jurisdiction of the New Jersey Department of Corrections on January 1, 2024. The selected characteristics compiled in this report are Age, Base Offense at Admission, County of Commitment, Ethnicity, Mandatory Minimum Term, Race, and Total Term at Admission.

The Prison Complex includes the Adult Diagnostic and Treatment Center (ADTC) – a facility for adult males incarcerated for sexual offenses, Bayside State Prison, East Jersey State Prison, Edna Mahan Correctional Facility for Women (EMCF or Edna Mahan), Garden State Correctional Facility, Mid-State Correctional Facility, New Jersey State Prison, Northern State Prison, and South Woods State Prison.

NOTES:

In the data tables, a separate subtotal is provided for Edna Mahan Correctional Facility for Women due to the interest in this unique population. The remainder of the Prison Complex is labeled “Male IPs.”

“RCRP, County Jails, CHR” include state-sentenced incarcerated persons housed in Residential Community Reintegrative Programs (RCRP), county jails, and Central Medical Unit (or Capital Health Regional Medical Center, referred to herein as CHR).

“Not Coded” are records for incarcerated persons in the correctional system for whom admission characteristics data had not been entered into the computerized information system as of January 1, 2024.

“Interstate Corrections Compacts (ICC)” are incarcerated persons with a New Jersey state sentence who were being held in the custody of another state on January 1, 2024. ICCs are not included in the Prison Complex data tables.

Out-of-state incarcerated persons listed under County of Commitment on page 33 are not New Jersey sentenced IPs but are being held in a New Jersey facility.
